

Universal Disinfectant

Veni GoKlean is an eco-friendly universal disinfectant used to disinfect all types of pathogenic micro-organisms. It contains colloidal silver and colloidal copper made by nano technology process, encapsulated by a bio polymer and suspended in water.

The combination of these two elements silver and copper has a synergistic effect in disinfects all forms of microbes. Colloidal particles cause cold injury to microbial cell and further deactivate the metabolic system and inhibit further reproduction of the microbes.

Veni GoKlean is natural origin and non-toxic to mammals and non-carcinogenic and quickly eliminates micro-organisms thereby making it a safe, convenient and easy to use product that leaves no residues.

Method of application

Mix 1-2 ml of Veni GoKlean in 1 L of water and apply on the target area. Veni GoKlean can be used for regular treatment by drip, foliar sprays, and drenching methods.

- Useful for pre-sowing soil disinfection. Disinfection of Fungi, Bacteria and Virus on plants and post harvesting. It is helpful in extending shelf life of the produce, due to its disinfection property.

Unique features

- Achieves the target 100%,

- Cost effective, non-toxic, non-hazardous,
- Does not affect the chemistry or quality of the product treated,
- Does not create any odour, Environmentally safe,
- Does not form chemical compounds with other chemicals,
- Free from chlorine, Free from carcinogenic or mutagenic effect,
- Free from danger of bacterial resistance,
- Long- lasting effect, Non corrosive, Non inflammable,
- Non-irritant, Non mutagenic, Non-toxic, Optimum Performance,
- Parameters like hardness, salinity, pH cannot impair the efficiency of Veni GoKlean,
- Prevents recontamination or re-occurrence, Sustained Results,
- Universal range of application.

Compatibility

Compatible with all agro-chemicals.

Veni GoKlean should not be used along with microbial bio pesticides and bio fertilizers.

Shelf life

It is stable for a period of 24 months from the date of manufacturing.

Warranty and Liability

The company is not liable for any direct or indirect loss whatsoever resulting from improper use of the product or non-compliance with the instructions for use.
